## **29 new works by 32 different authors added to PM World Library in February**

### ***PM World Collection grows to 1100 project management articles, papers & other works by 562 different authors in more than 50 countries***

10 February 2015 – Dallas, London, Sydney – PM World has announced that 29 new articles, papers and other original works about program and project management (P/PM) were added to the PM World Library (PMWL) this week. These contributions by 32 different authors in 13 countries were published in the February 2015 edition of the ***PM World Journal*** (PMWJ). They can now be found among the most recent papers, articles and book reviews on the PMWL home page at [www.pmworldlibrary.net](http://www.pmworldlibrary.net).

The new additions bring the total in the PM World Collection to 1100 original works by 562 different authors from 60+ countries. The collection is growing each month by more approximately 30 new works by many different authors; of the 32 authors in December, 6 were new to the journal and library. All works in the PMWL can be accessed at <http://pmworldlibrary.net/pm-world-collection/>. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director **David Pells**, “We had many new works this month by authors who we have published previously; they are creating deeper portfolios of works in the library. We were also happy to see the paper from Prof Lapkina and Ms Prykhno in Ukraine, one of our first from that country.”

“Several of the papers again include significant new works,” Pells adds. “For example, Bob Prieto’s paper on the improbability of large project success points out just how hard those projects are to get right. It was also interesting to note that in his paper this month, Chima Okereke recommended that Nigerian national elections be postponed until Boka Haram can be dealt with; that’s exactly what the Nigerian government decided this week. Congratulations to Chima for his foresight.”

New authors in January include **Mark Becker** (USA), **Penelope Crudgington** (UK), **Dwaraka Iyengar** (USA), **Inna Lapkina** (Ukraine), **Yuliya Prykhno** (Ukraine) and **Trellis Stewart** (USA). New works from 26 authors already included in the library were also added.

In addition to the original papers, 40+ news articles were added to the library archives this month, bringing the total to well over 1,200 articles. News archives can be accessed at <http://pmworldlibrary.net/ppm-news/>. See archives of past editions of the PMWJ at <http://pmworldlibrary.net/ppm-journals-and-magazines/>.

The **PM World Library (PMWL)** is a global resource for continuous learning in portfolio, program and project management (P/PM). The PMWL is produced and maintained by PM World that also publishes the monthly ***PM World Journal (PMWJ)***, a web-based monthly publication featuring dozens of articles, papers and news stories about projects and project management around the world.
