***PM World Collection grows to 1367 project management articles, papers & other works by 594 different authors in more than 60 countries***

7 May 2015 – Dallas, London, Sydney – PM World has announced that 37 new articles, papers and other original works about program and project management (P/PM) were added to the PM World Library (PMWL) this month. These contributions by 45 different authors in 20 countries were published in the May 2015 edition of the ***PM World Journal*** (PMWJ). They can now be found among the most recent papers, articles and book reviews on the PMWL home page at [www.pmworldlibrary.net](http://www.pmworldlibrary.net).

The new additions bring the total in the PM World Collection to over 1360 original works by 594 different authors from 60+ countries. The collection is growing each month by approximately 30-40 new works by many different authors; of the 37 authors this month, 15 were new to the journal and library. All works in the PMWL can be accessed at <http://pmworldlibrary.net/pm-world-collection/>. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director **David Pells**, “I want to thank the authors again this month. We continue to attract a balance of featured papers, advisory articles, commentaries, second editions and reports from authors located in many countries. The addition of seven book reviews really brought the total contributions up.”

New authors in May included **Panagiotis Fiampolis** (UK), **Petra Krcelic** (Croatia), **Kathy McCrain** (USA), **Jovita N. Nnametu** (Nigeria), **Dr. Vladimir Obadovic** (Serbia), **Dr. Isaac Odesola** (Nigeria), **Dr. Kevin D. Okolie** (Nigeria), **Alessandro Savioli** (Italy), **Marisa Silva** (UK/Portugal), **Amy Stevens** (USA), **Adrian Taggart** (UK), **Dr. Boris Titarenko** (Russia), **Dr. Sergei Titov** (Russia), **Dr. Roman Titarenko** (Russia) and **Howard Zillman** (USA). New works from 32 authors already included in the library were also added.

“The series articles were really thought provoking this month,” Pells adds. “The reports were also outstanding; the ones by Jouko Vaskimo, Cecilia Boggi and Ipek Sahra Ozguler were full of great photos from big events. The reports from the University of Applied Sciences Baltazar Zapresic in Croatia and University of Latvia in Riga brought major institutions into the journal. These were all well written, interesting and educational.”

In addition to the original papers, 30+ news articles were added to the library archives this month, bringing the total to well over 1,250 articles.
