34 new works by 39 different authors added to PM World Library

PM World Collection grows to more than 1380 project management articles, papers & other works by 645 different authors in more than 60 countries

10 August 2015 – Dallas, London, Sydney – PM World has announced that 34 new articles, papers and other original works about program and project management (P/PM) have been added to the PM World Library (PMWL) this month. These contributions by 39 different authors in 15 countries were published in the August 2015 edition of the **PM World Journal** (PMWJ). They can now be found among the most recent papers, articles and book reviews on the PMWL home page at www.pmworldlibrary.net.

The new additions bring the total in the PM World Collection to over 1380 original works by 645 different authors from 60+ countries. The collection is growing each month by approximately 30 new works by many different authors; of the 39 authors this month, 14 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director **David Pells**, “We are happy to publish articles and papers authored by two, three or four authors each. This increases the number of authors in the library, and multiplies the visibility of all authors and works in the library. This month we added five works by multiple authors in Brazil, Canada, Iceland, Poland and the USA.”

New authors in July included **Fatuma Abdullahi** (USA/Somalia), **Glen Alleman** (USA), **Maurini Elizardo Brito** (Brazil), **Venkata Edagottu** (USA), **Sam Ghosh** (USA), **Bria Griffith** (USA), **Raphael de Oliveira Albergarins Lopes** (Brazil), **Kamil Mroz** (Belgium), **Prof Ahad Nazari** (Iran), **Michael Nir** (USA), **Jaroslav Polak** (Poland), **Prof Eduardo Qualharini** (Brazil), **Hareshchandra Thakur** (India) and **Przemyslaw Wojcik** (Poland). New works from 25 authors already included in the library were also added.

“Many of the articles and papers this month are outstanding,” Pells adds. “I encourage everyone to read new works by such regular contributors as Alan Stretton, Lynda Bourne, Miles Shepherd and Cecilia Boggi. Read the works by new authors too, then send them some feedback and encouragement. All authors like to know that someone is reading their work.”

In addition to the original papers, 30+ news articles were added to the library archives this month, bringing the total to well over 1,400 articles. News archives can be accessed at <http://pmworldlibrary.net/ppm-news/>. See archives of past editions of the PMWJ at <http://pmworldlibrary.net/ppm-journals-and-magazines/>.

The **PM World Library (PMWL)** is a global resource for continuous learning in portfolio, program and project management (P/PM). The PMWL is produced and maintained by PM World that also publishes the monthly **PM World Journal (PMWJ)**, a web-based monthly publication featuring dozens of articles, papers and news stories about projects and project management around the world.
