APM Body of Knowledge 6th Edition available in eBook

9 August 2013 – London, UK – The Association for Project Management (APM) has announced that the APM Body of Knowledge 6th edition is [now available](#) as an e-book from Amazon. The sourcebook for all aspiring, new and experienced project professionals can be read on most tablets and e-readers, not just Kindle. Simply [download the free app](#) to read Kindle e-books on most Android and Apple devices.

The e-book is delivered almost instantaneously, so there is no waiting around for your publication to arrive through the post. Once you have your APM Body of Knowledge e-book you don't have to worry about it taking up valuable space on your shelf – it is stored directly on your tablet. This means you can take your APM Body of Knowledge anywhere you go as it is portable making it incredibly easy to access.

The APM Body of Knowledge 6th edition has been completely refreshed and represents the full breadth of professional disciplines of project, programme and portfolio management. Exploring this range of information is made easier with an e-book as all of its content is searchable. You can easily search for any details in an e-book, rather than rummaging page after page of a physical publication.

The APM Body of Knowledge 6th edition, launched at the APM Conference last year, provides the foundation for the successful delivery of projects, programmes and portfolios across all sectors and industries. Written by the profession for the profession it offers the key to successful project management and is an essential part of the APM Five Dimensions of Professionalism. It is a scope statement for the profession offering common definitions, references and a comprehensive glossary of terms.

Highlights of the APM Body of Knowledge 6th edition include:

- Fully refreshed and updated content increasing coverage to 69 sections from 52 therefore widening the knowledge of project professionals
- Increasing the breadth of content by incorporating project, programme and portfolio management across all sections
- New flexible, functional structure that allows new and emerging principles, tools and techniques to be accommodated as the profession develops and grows

The book is supported by the [APM Body of Knowledge+](#) a collaborative and revolutionary online knowledge resource developed by the community for the community becoming the one-stop shop for project professionals. The APM Body of Knowledge+, which can be accessed by APM members via the APM website, supports everyone engaged in projects,

programmes and portfolio management. We invite everyone to develop this resource by suggesting new ideas or updating existing ones.

Founded in 1972, the APM is a registered charity in the UK with around 19,500 individual and 500 corporate members. APM's mission is: "To develop and promote the professional disciplines of project and programme management for the public benefit." The APM is dedicated to the development of professional project, programme and portfolio management across all sectors of industry and beyond. APM, with branches throughout the UK and in Hong Kong, is the UK national representative in the International Project Management Association (IPMA). More information at <http://www.apm.org.uk>
