### ***PM World Collection grows to 1711 project management articles, papers & other works by 768 different authors in more than 60 countries***

15 May 2016– Dallas, London, Sydney – PM World has announced that 34 new articles, papers and other original works about program and project management (P/PM) have been added to the PM World Library (PMWL) this month. These contributions by 44 different authors in 20 countries were published in the May 2016 edition of the [PM World Journal](#) (PMWJ). They can now be found among the most recent papers, articles and book reviews on the PMWL home page at [www.pmworldlibrary.net](http://www.pmworldlibrary.net).

The new additions bring the total in the PM World Collection to over 1700 original works by 768 different authors in 60+ countries. The collection is growing each month by approximately 30 new works by many different authors; of the 44 authors this month, 14 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director **David Pells**, “We continue to publish some very interesting articles and papers in the journal. The series articles by our regular authors are outstanding this year, as I’m sure our readers have noticed.”

New authors in March included **Prof Edem Akpak** (Nigeria), **Prof Uzoma Amaeshi** (Nigeria), **Martina De Los Santos** (Bulgaria/USA), **Lisa Hodges** (USA), **Ting Huang** (Hong Kong), **Sunitha Arvind Muralidharan** (India), **Pawel Paterek** (Poland), **John Poulos** (Chile/USA), **Anton Setiawan** (Indonesia), **Alya Sharoom** (Malaysia), **Peter Taylor** (UK), **Emmanuel Ubani** (Nigeria), **Marcos Welker** (Germany) and **Noor Zahidah** (Malaysia). New works from 30 authors already included in the library were also added.

“The reports from our correspondents were particularly interesting this month,” Pells adds. “For example, Emils Pulmanis has reported the results of the April PM conference at the University of Riga for which the PMWJ was a media partner. In this edition, we are once again republishing some of the excellent papers from that conference.”

In addition to the original papers, more news articles were added to the library archives this month, bringing the total to well over 1,500 articles. News archives can be accessed at <http://pmworldlibrary.net/ppm-news/>. See archives of past editions of the PMWJ at <http://pmworldlibrary.net/ppm-journals-and-magazines/>.
