### *PM World Collection grows to 1805 project management articles, papers & other works by 797 different authors in more than 60 countries*

15 August 2016– Dallas, London, Sydney – PM World has announced that 30 new articles, papers and other original works about program and project management (P/PM) have been added to the PM World Library (PMWL) this month. These contributions by 43 different authors in 17 different countries were published in the August 2016 edition of the [PM World Journal](#) (PMWJ). They can now be found among the most recent papers, articles and book reviews on the PMWL home page at [www.pmworldlibrary.net](http://www.pmworldlibrary.net).

The new additions bring the total in the PM World Collection to over 1835 original works by more than 800 different authors in 60+ countries. The collection is growing each month by approximately 30 new works by many different authors; of the 43 authors this month, 24 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director **David Pells**, “This month’s journal again contains some outstanding articles and papers. Our series authors are true thought leaders in the project management world; they continue to provide thought provoking contributions to the literature. The advisory articles should also be useful to many readers, and the commentary articles should be interesting to readers in UK and Europe.”

New authors in August included **Adegbenjo Adelakun** (Nigeria), **David Ashimolowo** (Nigeria), **Paul Chan** (UK), **Tom Cockburn** (New Zealand), **Giedre Dadurkiene** (Lithuania), **Ebeawuchi Echeme** (Nigeria), **Michael Emes** (UK), **Tomas Gustavsson** (Sweden), **John Holderman** (USA), **Valentina Ivanova** (Bulgaria), **Imran Khan** (Pakistan), **Dhrubajyoti Lahon** (India), **Steen Lichtenberg** (Denmark), **Uchenna Moneke** (Nigeria), **Ralph Moore** (USA), **Roberto Mori** (Italy), **Oluwasegun Odetola** (USA), **Masood Said** (Pakistan), **Sandy Schmidt** (USA), **Alan Smith** (UK), **Peter Smith** (Canada), **Uzma Tabassum** (Pakistan), **Zakari Tsiga** (UK) and **Vitalkja Venckuviene** (Lithuania). New works from 19 authors already included in the library were also added.

“We are attracting more papers from developing countries, which is exciting,” Pells adds. “That is reflected in both the featured papers and the second editions this month. While some of these papers specifically deal with issues or research based in-country, the topics are universal so the main points can be useful in many places and organizations.”

In addition to the original papers, more news articles were added to the library archives this month, bringing the total to well over 1,800 articles.
