### ***PM World Collection grows to 1835 project management articles, papers & other works by 800 different authors in more than 60 countries***

10 September 2016 – Dallas, London, Sydney – PM World has announced that 30 new articles, papers and other original works about program and project management (P/PM) have been added to the PM World Library (PMWL) this month. These contributions by 33 different authors in 15 different countries were published in the September 2016 edition of the [PM World Journal](#) (PMWJ). They can now be found among the most recent papers, articles and book reviews on the PMWL home page at [www.pmworldlibrary.net](http://www.pmworldlibrary.net).

The new additions bring the total in the PM World Collection to over 1835 original works by more than 800 different authors in 60+ countries. The collection is growing each month by approximately 30 new works by many different authors; of the 33 authors this month, 11 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director **David Pells**, “This month’s journal again contains some outstanding articles and papers. We have added six more featured papers this month, serious research-based additions to the literature in the PM field. All six are worth reading. And the new series articles again introduce some new knowledge and perspective, challenging our own understanding.”

New authors in September include Paul Burek (USA), Harshad Desai (USA), Darla Gray (USA), Adil Hayat (Pakistan), Rebekha Knapp (UUSA), Rico Milza (Indonesia), Mark Mullaly (Canada), Amitha Nag (USA), Eric O’Brien (USA), Kurt Seifert (USA) and Mary Townsend (USA). New works from 22 authors already included in the library were also added.

“The second editions papers this month are also important works, especially the paper by Dr Steen Lichtenberg in Denmark,” Pells adds. “I always really enjoy the advisory and commentary articles and this month is no exception. But the interview provided by Ipek Ozguler in Turkey is pretty fascinating, as are the reports from five correspondents around the world.”

In addition to the original papers, more news articles were added to the library archives this month, bringing the total to well over 1,900 articles.
