Hill International Team Awarded \$60 Million ID/IQ Contract by SANDAG

4 November 2015 – Philadelphia, PA and San Diego, CA, USA – Hill International has announced today that CH2M in association with Hill has received an indefinite delivery/indefinite quantity (ID/IQ) contract from the San Diego Association of Governments (SANDAG). The five-year contract has an estimated potential value to the CH2M/Hill team of approximately \$60.0 million. Hill is expected to perform approximately 35% of the services to be provided under the contract.

SANDAG plans to develop and construct public transportation improvements, with a focus on roads and highways. The CH2M/Hill team will provide professional and technical construction management and engineering services in connection with various proposed capital improvement and maintenance projects.

"These improvement projects will have a significant, positive impact on San Diego infrastructure and mobility," said Michael Tahan, Senior Vice President in charge of Hill's highway and bridge practice in California. "We are proud to be part of this important initiative," added Tahan.

Hill International (NYSE:HIL), with 4,900 employees in 100 offices worldwide, provides program management, project management, construction management, and other construction project services. For more information, visit www.hillintl.com.
