PMI Madrid Chapter organizes its 13th Annual Project Management Congress

All project Management methods and skills are valuable for any type of business in all industry areas. On November 24th, the PMI Madrid Spain Chapter will bring those tools for you, helping you to enhance the power of your technical, leadership and knowledge management skills through the application of methodologies and techniques based on the PMI best practices.

This event, which venue will be the “*Hipódromo de La Zarzuela*”, emblematic Madrid place for many fans from the horsemanship sport world, and a good place to generate business in many occasions, giving you a great opportunity as a Project Manager and/or executive to do networking and experience sharing.

This event will count on keynote Speakers from the different industry fields, demonstrating once more time that Project Management has no borders. The PMI Madrid Chapter Board of Directors has done an important effort to make this event happen with its deserved importance.

The Ciudad Can Project

ICEACSA in consortium with PriceWaterhouseCoopers and Bonus Banca have won, competing with the consortium formed by McBains, Durán & Osorio and Deloitte, the project to restructure the new National Administration Centre that will accommodate more than 6.000 employees.

¿What is “Ciudad Can” at Bogotá city?

The “Ciudad CAN” project is an urban renovation and it will be located in Bogotá down town; it has 86 acres with a high development potential and it will become a strategic place for the Government and for the city.

The National real estate agency called Virgilio Barco Vargas, reporting to the Republic of Colombia, Colombia, is the project sponsor for the “Ciudad CAN” project.

Miss Claudia Luque. National Real State Agency Manager. Colombia Government.

The Agency Manager, Claudia Luque, explained that “we were looking for a team who had experience in infrastructure works planning, either National and International, and who could demonstrate some successful results through this type of projects. We believe we achieved and the first building is already a reality”.

The first building: LOCAL ADMINISTRATIVE CENTRE

The building, designed by the architect Mr. Daniel Bermúdez, will count on 104.000 square meters of construction, and accommodate more than 6.000 officials, it will have capability to receive 1.800 visitors. They expect to open the bidding process by the last semester of 2016 to award the construction of this first building, with the purpose of initiating the works by the first semester of 2017.
