30 new works by 43 authors added to PM World Library

PM World Collection grows to 1741 project management articles, papers & other works by 780 different authors in more than 60 countries

10 June 2016– Dallas, London, Sydney – PM World has announced that 30 new articles, papers and other original works about program and project management (P/PM) have been added to the PM World Library (PMWL) this month. These contributions by 43 different authors in 14 different countries were published in the June 2016 edition of the [PM World Journal](#) (PMWJ). They can now be found among the most recent papers, articles and book reviews on the PMWL home page at www.pmworldlibrary.net.

The new additions bring the total in the PM World Collection to over 1740 original works by more than 780 different authors in 60+ countries. The collection is growing each month by approximately 30 new works by many different authors; of the 43 authors this month, 15 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director **David Pells**, “We published 10 featured papers this month, the most ever. Several dealt with serious issues in emerging economies, those by authors in Kenya, Nigeria and Pakistan. Perhaps one of our most important roles is to provide a publishing vehicle for project management researchers and leaders in those countries to get their works out. All of the featured papers are worth reading, as are the second editions.”

New authors in June included **Dale Albrecht** (USA), **Saif ul Amin** (Pakistan), **Kelli Conrad** (USA), **Heather Creer-Rygalski** (USA), **Eva Diksterhuis** (Netherlands), **Harry Doscher** (USA), **Alexander Ehms** (USA), **Michael Haase** (USA), **Martin Hopkinson** (UK), **Oluseye Olugboyega** (Nigeria), **Samuel Oludare Omojola** (Nigeria), **Amna Shahid** (Pakistan), **Asiya Sohail** (Pakistan), **Abid Tabassum** (Canada), and **Marc Zoher** (USA). New works from 28 authors already included in the library were also added.

“The series, advisory and commentary articles all deal with very practical issues,” Pells adds. “The reports showcase recent major project management events in Spain and Turkey, and the five book reviews create new knowledge. This was another good month of content in the journal, and now the library.”

In addition to the original papers, more news articles were added to the library archives this month, bringing the total to well over 1,500 articles.
