## Product Dossier Touch Base-PPM

### **Project and Portfolio Management Solutions offered by Indian Software Company**

30 March 2016 – Pune, India – A new resource has been added to the PM World Library related to a project management software and services. The new resource is titled “**Product Dossier Touch Base-PPM**”.

Product Dossier is an enterprise software product company based in Pune, India that provides project management, planning and scheduling services through its Touch Base-PPM software. Touch Base-PPM is an enterprise wide Project & Portfolio management software.

**Touch Base-PPM** is an enterprise-wide project planning & scheduling software solution. Its ready to use project templates and inbuilt Gantt chart makes it easy to create & plan new projects. Its multi-level WBS (Work Breakdown Structure) can be used to plan project phases, tasks & deliverables. Its toll gates and the associated checklists brings in the necessary project governance & quality check points. It supports different project management methodologies like Agile, Waterfall, EVMS, Task based, Ticket Based & others. Its integration to other software modules like Resource Management, Quality Management, and Supply Chain Management etc. provides an end-to-end solution for complete business processes.

To access this resource, go to the PPM Marketplace at <http://pmworldlibrary.net/ppm-products-and-services/> click on P/PM Advisors and Consultants1 (or PPM Software, Technology and Solutions), scroll down to India and click on “**Product Dossier Touch Base-PPM**”. Must be a registered and logged in member to access.
