

US-CERT Internet Security Resources

Access to the United States Computer Emergency Readiness Team added to PMWL

Resource provided by [Livinus Nweke](#)

12 June 2017 – Rome, Italy – Access to a new resource has been added to the PM World Library related to the Security of Project Data, Information and Systems. The new resource is titled **United States Computer Emergency Readiness Team (US-CERT)**. The site is full of resources for project managers and information technology professionals.

Part of the US Department of Homeland Security, US-CERT strives for a safer, stronger Internet for all Americans by responding to major incidents, analyzing threats, and exchanging critical cybersecurity information with trusted partners around the world. US-CERT's critical mission activities include:

- Providing cybersecurity protection to Federal civilian executive branch agencies through intrusion detection and prevention capabilities.
- Developing timely and actionable information for distribution to federal departments and agencies; state, local, tribal and territorial (SLTT) governments; critical infrastructure owners and operators; private industry; and international organizations.
- Responding to incidents and analyzing data about emerging cyber threats.
- Collaborating with foreign governments and international entities to enhance the nation's cybersecurity posture.

To access this great resource, go to the Applications and Hot Topics section of the library at <http://pmworldlibrary.net/applications-and-topics/>, scroll down and click on "Security of Project Data, Information and Systems". Must be a registered member and logged-in to access.
