

Managing E-Document Production

Access to ICC Commission report related to arbitration management added to PMWL

Resource provided by [Stefano Castagna](#)

2 August 2017 – Vienna, Austria – Access to a new resource has been added to the PM World Library related to project management in the legal field. The new resource is an ICC Commission Report entitled “Managing E-Document Production”. It was published by the International Chamber of Commerce.

This report aims at ensuring effective case management in arbitration, and has been drafted to help all stakeholders involved in treating e document production. It does not give specific rules on the production of electronic documents, but gives advice on how electronic documents may be handled, in addition to describing the characteristics of e-documents that may impact in the case management. The Report was published in 2012.

To access this new resource, go to the Industries and Organizations section of the library at <http://pmworldlibrary.net/industries-and-organizations/>, click on “Legal Field”, scroll down to resource. Must be a registered and logged-in as Free Trial, Professional or Scholar level member to access.

For post in PMWL:

[ICC Commission Report: Managing E-Document Production \(2012\)](#) – A publication on e-document and case management in arbitration, taking in consideration the inherent need to preserve flexibility and cost efficiency.
