

Introduction to Legal Project Management

Access to another resource related to Legal Project Management added to PMWL

Resource provided by [Stefano Castagna](#)

12 September 2017 – New York, USA – Access to a new resource has been added to the PM World Library related to project management in the legal field. The new resource is titled “Introduction to Legal Project Management”; this is a presentation prepared for a Legal Services Management course and was published by the Association of Corporate Counsel in 2010.

The resource is a PowerPoint presentation for a basic introductory course on project management for lawyers from 2010. It consists of a unique collection of toolkits and practical advice on how to manage a firm based on project management theories. It includes a suggestion of different types of software useful for a law firm.

To access this new resource, go to the Industries and Organizations section of the library at <http://pmworldlibrary.net/industries-and-organizations/>, click on “Legal Field”, scroll down to resource. Must be a registered and logged-in as Free Trial, Professional or Scholar level member to access.

For post in PMWL:

[Introduction to Legal Project Management \(2010\)](#) – A presentation for an introductory project management course for lawyers, with practical indications of how to set up a firm using project management techniques. This presentation was prepared for a legal services management course and aimed at attorneys and others in the legal profession.
