

Impact of Leadership Styles on Project Success

Access to a new resource related to Leadership and Project Management added to PMWL

Resource provided by [Ömer Berkay Dağlı](#)

12 February 2018 – Southampton, UK – Access to a new resource has been added to the PM World Library on the subject of Leadership. The new resource is titled “**Impact of Leadership Styles on Project Success – The Case of a Multinational Company**” and is a 2014 research prepared by Blaskovics published in Dynamic Relationships Management Journal.

Research tries to draw a leadership style, of which project managers can follow to achieve project success. With inputs from a literature review and qualitative field research at a subsidiary of a Scandinavian-based multinational company, article displays a way for companies to increase project success rate.

To access this report, go to the hot topics section of the library at <https://pmworldlibrary.net/applications-and-topics/> , scroll down and click on “Leadership”. Must be registered and logged in as Free Trial, Professional or Scholar member to access.

For PMWL Post
