

Climate Change and Major Projects

New resource related to solving global problems added to PMWL

Resource provided by [Ömer Berkay Dağlı](#)

28 February 2018 – Southampton, UK – Access to a new resource has been added to the PM World Library related to solving global problems, in this case climate change. The new resource is titled “**Climate Change and Major Projects**” and is a 2013 fact sheet prepared by European Commission.

The Climate Change and Major Projects fact sheet is an outline of climate change related requirements and guidance for major projects in the 2014-2020 programming period. With inputs from risk & mitigation analysis, fact sheet aims to outline and provide guidance on the climate change requirements for current and future major projects.

To access this report, go to the Solving Global Problems section of the library at <https://pmworldlibrary.net/solving-global-problems/> scroll down and click on “Dealing with Climate Change”. Must be registered and logged in as Free Trial, Professional or Scholar member to access.

This new resource provided through the PMWL university research internship program; [to learn more, click here](#)
