Sapienza University graduate student in Rome completes PM Research Internship

Srikanth Varma Datla completes PM World Library research internship program

21 July 2018 – Rome, Italy and Dallas, TX, USA – PM World has announced that **Venkata Srikanth Varma Datla**, a graduate student at Sapienza University in Rome, Italy has completed a PM World Library project management research internship. Mr Srikanth Varma completed the program on 20th July 2018.

Venkata Srikanth Varma Datla is currently pursuing his Master's degree in Computer Science at the Sapienza University of Rome (The State University of Italy) in Rome, Lazio, Italy. Srikanth Varma holds a Bachelor's degree in Computer Science and has completed a three year university level certification program in Computer Science. During a year of professional experience as a volunteer, Srikanth Varma has worked as a supervisor, organizer, and a volunteer manager. Major Field of Study: Computer Science. Research interests: Information Systems, Project Management

According to PM World Library Director David Pells, "Srikanth Varma focused on the human computer interface during the software and IT system design process. He contributed a number of articles and papers that should be highly useful to many people involved in planning and implementing information and communication technology projects."

According to Srikanth, "This internship provided good stimulus for me to determine serious research interests, then to conduct some interesting research. I think human-computer interface issues are critical for IT project success, especially when user-friendly solutions are required. So this internship was pretty useful."

Pells added, "Srikanth was one of several Sapienza University students introduced to us by Professor Federico Minelli in Rome, for which we are grateful. They've done good work and conducted useful research; we look forward to working with more Sapienza students in the future."

PM World offers virtual project management research internships to university students worldwide who are studying at recognized universities. Internships offer students an opportunity to research specific program/project management topics, network with other interns, gain visibility and enhance their CVs.
