19 December 2018 – Warri, Nigeria and Dallas, TX, USA – Access to a new resource has been added to the PM World Library (PMWL) related to solving global problems. The new resource is titled “**Project Managers Without Borders**” and is a non-profit organization established to mobilize project management resources to help other non-profits organizations solve global problems.

Project Managers Without Borders (PMWB) is a global, not-for-profit, project management services organization that connects project management professionals with other not-for-profit or non-governmental organizations. PMWB was founded in October 2014 with an ambitious goal: to recognize and multiply the impact of project management for those in need. Founded in the United States, PMWB now has volunteers engaged in countries all over the globe.

PMWB’s mission: Engaging the global project management community through collaborative and sustainable projects that make a positive difference in the world. PMWB provides project management services to not-for-profit and non-governmental organizations.

To access this resource, go to the Solving Global Problems section of the PMWL at <https://pmworldlibrary.net/solving-global-problems/>. Under Global Initiatives, select “Global Initiatives”, scroll down to Organizations. Free access, registration and login not required.
