

## International Academic Advisor

### Prof Antonio Calabrese

Politecnico di Milano  
Milan, Italy

**Antonio Calabrese** is Associate Professor of “Industrial Plants” and “Industrial Plants Management” at Politecnico di Milano (Italy). He is Faculty member of the School of Management and Director of the Master in Project Management (MPM) offered by MIP, the graduate School of Business of the university and the former Director of the Master in Strategic Project Management European (MSPME) and the Master in Nuclear Plants Construction Management. Director of the MBA and Executive MBA programmes of the School (2013-2015) and of the Corporate Division (customized programmes for companies, 2010-2013), his main research interests are in project management and industrial engineering. Within project management he is mostly interested in project planning and control, risk management, strategic project management, program and portfolio management, stakeholder management and the effects of cultural differences on the project success.

Since 2006 he cooperates with some universities (Shandong University - China, Heriot Watt University - UK, Umea University – Sweden) both in master and PhD programmes. He is member of the IPMA Advisory Committee, the Executive Board of IPMA Italy (International Project Management Association Italy, where he acted as President in 2016-2018) since 2008. Reviewer and chairman or co-chairman at many congresses, he joins some editorial board of national and international journals. Antonio is author or co-author of 11 books and more than 80 publications. He consults for large, medium and small private companies in the field of management, project management and industrial engineering.
