

Wideman PM Website updates announced for May 2019

PM EDUCATION NEWS

1 May 2019 – Ontario, Canada – **Max Wideman** has announced updates to his popular and educational project management website, www.maxwideman.com. According to Max:

Papers: *Succeeding with Senior Management - Getting the right support at the right time for your project* by G. Michael Campbell, PMP (Book Review). Provides valuable advice on how to get what your project needs from your project's sponsor and other senior staff.

Guests: *Did You Give Up on Quality?* by Robin Hornby. Discusses today's approach to quality, how it is misunderstood, and how it should be treated as an intrinsic attribute.

Musings: *Differentiating the Management of Different Types of Projects*. Different types of work in different industries require different development processes - that are apart from project management.

Project management tip of the month — See bottom of Max's Home page for his latest thoughts.

If you are looking for answers, guidelines or templates, check out Max's **Issacons** - "Issues and Considerations" - that are presented in bullet form for quick and easy reference by project managers.

Have you seen Max's book ***A Management Framework for Project, Program and Portfolio Integration***? For information or to order a copy, visit http://www.maxwideman.com/papers/framework_book/intro.htm. Do you have a project management question? Find the answer at: <http://www.maxwideman.com>.

Max Wideman is one of the world's best-known project management authorities. An engineer and professional project manager, his experience includes systems, social and environmental projects, as well as design and engineering projects. He is a Fellow of the Project Management Institute, of which he is past president and chairman and for which he led the development of the 1987 version of the Project Management Body of Knowledge. He is also a Fellow of the Institution of Civil Engineers (UK), the Engineering Institute of Canada, and the Canadian Society of Civil Engineering.

His personal web site at <http://www.maxwideman.com> is a source of superior project management knowledge and information. It is free to the public.
