PMI Madrid Spain Chapter President

I have the honor to communicate the summary of activities of the chapter PMI Madrid Spain, which began the second quarter of the year with many ongoing initiatives. The President gave thanks to everyone for their participation as partners, volunteers, and thank you also sponsors.

On 20 March was held the annual General meeting, it reviewed financial results, the budget for 2019 and the result of elections in 2019 where were renewed charges of the Board of Directors. PMI Madrid Chpater is looking for better management efficiency, and getting aligned to PMI Global proposal. The most important activities this Chapter has advanced are as follows:

- Signed an agreement of reciprocity with the PMI Chapter of Guatemala.
- The third session of the Group's discussion of digital transformation took place on March 18th, coordinated by Luis Reyes who is also a volunteer of our technology team.
- Delivered the workshop understanding Lean through the House of thought read working in a very visual and experiential way the proposal read.

- On March 27th delivered the workshop “Beliefs, my mind creates the reality” facilitated by Sara Bartol.
- The PMI Madrid Chapter is participating at the European Chapter Collaboration and the Corporate Ambassador Program

TODAY IS A GOOD DAY and TOMORROW WILL BE BETTER!
