He holds also a Bachelor's degree in Economics at Kazakh University of railways (Almaty, Kazakhstan), where he studied from 2006-2008. In addition, he studied at Zhezkazgan University named after academician O. Baikonurov from 1996-2001, specializing in Underground mining of mineral deposits, qualification-mining engineer.

From 2011 to 2017 Yerbol worked as the head of the estimate and contract department in the construction corporation «MAG» JSC, Astana. From 2016 to 2018 he worked as the Project Manager of «Vitality Stroy» LLP, Astana. Since 2017-2018, he also worked as an expert of construction projects and estimates in «Complect Service Astana» LLP. Since October 2018 he started working in the Project Control Group of the world-class company «KAZ Minerals Project B.V.» in Kazakhstan, in position - Quantity Surveyor.

Major Field of Study: Supply Chain and Project Management. Research interests: Project Management in Kazakhstan, Project Management Maturity Level in Kazakhstan, Construction and Engineering Management, Earned value management, Stakeholders Management, Projects execution and control, Supply chain and logistics management, Scheduling and planning in construction.

According to PM World Library Director David Pells, "Through his interesting resource contributions, Yerbol provided a new window into project management in Kazakhstan and especially into government programs to promote investment projects in his country. Now he is practicing project management and will certainly become a leader in any organization in which he works."

According to Yerbol, "PM World Library internship was an unforgettable experience. It opened a door to the world, gave me a start for a more successful career. You give the same opportunities to many novice project managers. Thank you for the

Certificate of Completion and Appreciation, letter of recommendation and library access for the next four years. It is a great honor to be a part of the PMWL.”

Pells added, “Yerbol came highly recommended by Professor Timur Narbaev at KBTU. His very first research result was related to a nuclear non-proliferation initiative of the President of Kazakhstan, an important program to promote global peace. It was a great contribution to the section of our library related to solving global problems, and in an industry where I have some experience. So it was personally very interesting, as well as new knowledge. Thank you again, Yerbol!”
