The PMI Madrid Spain Chapter organizes its professional Summer Congresso on June 20th

As every year, the PMI Madrid Spain Chapter organizes its professional event on June 20th 2019 in Madrid at RAFAEL HOTEL at 16:00 h. The event format wants to be inclusive because it is not only focused on any industry area. Because of that we will count on some speakers that will talk about trends and innovations on different type of projects: **“Customer Experience”, Construction industry, Complex projects case studies, Agile, Agile transformation projects**. We will also have a **round table**, where some of the Madrid Chapter members that are book authors will share their experiences.

We will have a “Networking session” and you will be able to participate in several **draws** that will be done among the attendees during this event.

The PMI Madrid Chapter Board of Directors hope a big number of attendees for this event. Frequent and periodical activities, higher and higher volunteer involvement and the Chapter representation at PMI international events has been growing up year by year during the last five years, what means a great news for the PM profession in Spain.

TODAY IS A GOOD DAY and TOMORROW WILL BE BETTER!
