

Wideman PM Website updates announced for July 2019

PM EDUCATION NEWS

1 July 2019 – Ontario, Canada – **Max Wideman** has announced updates to his popular and educational project management website, www.maxwideman.com. According to Max:

Guests 1: **What is a Project? Part 2** — The Differences between "Projects" and "Day-to-Day Operational Activities", by *Antonio Nieto-Rodriguez*. Antonio explains the differences, provides his simple definition of project management and offers his recommendations as to when to apply it. 07/19

Guests 2: **The Mysterious S-curve, 4th Edition Part 1** by *David Garland*. The S-curve is a powerful project management tracking tool that should be used more often. David explains what it is, why it is important, different types, and how to use them. 07/19

Musings: **The Project Manager's Environment** — A LinkedIn Discussion circa December 2013. As the date indicates, I recorded a part of this discussion over five years ago. So, has this environment changed? The answer seems to be — not a lot.

Project management tip of the month - **The start right principle**: If you don't get it right at the beginning, you'll never get it right.

If you are looking for answers, guidelines or templates, check out Max's **Issacons** - "Issues and Considerations" - that are presented in bullet form for quick and easy reference by project managers.

Have you seen Max's book **A Management Framework for Project, Program and Portfolio Integration**? For information or to order a copy, visit http://www.maxwideman.com/papers/framework_book/intro.htm. Do you have a project management question? Find the answer at: <http://www.maxwideman.com>.

Max Wideman is one of the world's best-known project management authorities. An engineer and professional project manager, his experience includes systems, social and environmental projects, as well as design and engineering projects. He is a Fellow of the Project Management Institute, of which he is past president and chairman and for which he led the development of the 1987 version of the Project Management Body of Knowledge. He is also a Fellow of the Institution of Civil Engineers (UK), the Engineering Institute of Canada, and the Canadian Society of Civil Engineering.

His personal web site at <http://www.maxwideman.com> is a source of superior project management knowledge and information. It is free to the public.
