Ravalika Gopireddy completes PM Research Internship

Graduate student at SDA Bocconi Asia Center in Mumbai completes PM World Library research internship program

19 November 2019 – Mumbai, India and Dallas, TX, USA – PM World has announced that **Ravalika Gopireddy**, a graduate student at the SDA Bocconi Asia Center in Mumbai, India, has successfully completed a PM World Library project management research internship.

Ravalika is currently pursuing her International Master-in-Business (IMB) degree at SDA Bocconi Asia Center (Mumbai, India) for the academic years 2018-2020. She holds an Engineering degree in Electrical and Electronics Engineering from Sri Venkateswara University (Tirupati, Andhra Pradesh, India), where she studied from 2012-2016.

Ravalika worked as a software developer for 2 years (2016-2018) in Infosys Ltd., Hyderabad, India. She was responsible for developing programs using .Net technologies and also for keeping track of the performance and progress of her team. Her main work included database management and migration of databases to one platform. She also handled support activities for solving issues with deliverables.

Major Field of Study: Supply Chain and Project Management; *Research interests:* Project Management in India, Stakeholders Management, Project execution and control, Supply chain and logistics management, Agile Project Management, Risk Management; *PM World Internship Focus:* Project management (Agile & Risk), Stakeholder management.

According to PM World Library Director David Pells, “Ravalika Gopireddy performed excellent research for us from January through October this year, completing her commitment on 10 October. She researched a variety of interesting topics, including artificial intelligence or AI, agile and change management. The associated resources were welcome additions to the PMWL.”

According to Ravalika, “Thank you so much, David. It has been a great experience for me. I explored my interest in various topics and researched a lot which in turn made me learn a lot more. Thank you again for the opportunity.”

Pells added, “Her first research result was related to improving air quality, a major problem in some cities in India. In June, she reported about the Wildlife Protection Society of India. One of her last research topics was about drone delivery of medicines in remote locations. So not only did she focus on emerging technologies but also on social problems facing India. These were all very interesting topics.”

PM World offers virtual project management research internships to university students worldwide who are studying at recognized universities. Internships offer students an opportunity to research specific program/project management topics, network with other interns, gain visibility and enhance their CVs. Interns also receive five years of free PMWL membership. To see participating university interns, go to <http://pmworldlibrary.net/university-interns/>
