

## **Wideman PM Website updates announced for December 2019**

### PM EDUCATION NEWS

1 December 2019 – Ontario, Canada – **Max Wideman** has announced updates to his popular and educational project management website, [www.maxwideman.com](http://www.maxwideman.com). According to Max:

**Guests:** As a follow on to his paper **Did You Give Up on Quality?**, Author *Robin Hornby* says: **Put Quality in its Place** — on the basis of four new models: Point of Quality, Duality of Quality, The Quality Triangle, and The Quality Quadrant. *Robin* says that, as project managers, we must reclaim our quality leadership role by changing the emphasis on quality.

**Musings:** How to get it just right, if you intend to get into your customer or prospective customer's shoes, by **Asking Powerful Questions and Listening!** by *Sharon Lechter*.

**Project management tip of the month:** — *The Multitasking principle:*

Multitasking is a figment of an academic's imagination, achievable only by those with multiple brains. The solution is to batch similar activities or challenges to enable the brain and body to work more efficiently.

If you are looking for answers, guidelines or templates, check out Max's **Issacons** - "Issues and Considerations" - that are presented in bullet form for quick and easy reference by project managers.

Have you seen Max's book **A Management Framework for Project, Program and Portfolio Integration?** For information or to order a copy, visit [http://www.maxwideman.com/papers/framework\\_book/intro.htm](http://www.maxwideman.com/papers/framework_book/intro.htm). Do you have a project management question? Find the answer at: <http://www.maxwideman.com>.

**Max Wideman** is one of the world's best-known project management authorities. An engineer and professional project manager, his experience includes systems, social and environmental projects, as well as design and engineering projects. He is a Fellow of the Project Management Institute, of which he is past president and chairman and for which he led the development of the 1987 version of the Project Management Body of Knowledge. He is also a Fellow of the Institution of Civil Engineers (UK), the Engineering Institute of Canada, and the Canadian Society of Civil Engineering.

His personal web site at <http://www.maxwideman.com> is a source of superior project management knowledge and information. It is free to the public.
