11 February 2020 – Dallas, London, Sydney – PM World has announced that 35 new articles, papers and other original works about program and project management have been added to the PM World Library (PMWL) this month. These contributions by 42 different authors representing 17 countries were published in the February 2020 edition of the *PM World Journal* (PMWJ) at <https://pmworldjournal.com/>. They can now be found among the most recent papers, articles and book reviews on the PMWL home page at <https://pmworldlibrary.net/>.

The new additions bring the total in the PM World Collection to 3,421 original works by 1,519 different authors in 65+ countries. The collection is growing each month by 30+ new works from many different authors; of the 42 authors this month, 10 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://pmworldlibrary.net/author-showcase/>.

According to PMWL Director David Pells, “We welcomed new authors from eight different countries this month. The addition of more authors from more countries supports our mission to become a truly global resource for knowledge sharing and continuous learning related to program and project management. This month was another step towards that goal.”

New authors this month included Josipa Anđal (Croatia), Diego Alvarado (USA), Chanchal Gupta (USA), Amey Kulkarni (India, Canada, USA), Sachin Melwani (UK), Arief Rachman (Indonesia), Comfort Salifu (Nigeria), Yury Shkoda (USA), Marconi Vieira (Brazil) and Joko Wisnugroho (Indonesia). New works from 32 authors already included in the library were also added.

“This month’s edition contains more excellent articles and papers,” Pells adds. “With eight research-based featured papers and six series articles by true thought leaders, this month’s PMWJ makes another serious contribution to the literature in the PM field. The advisory and commentary articles add new voices; the reports provide updates from four countries. And don’t miss the significant news articles. There should be something of interest for most readers this month.”
