7 April 2020 – Akure, Ondo State, Nigeria – Access to a new resource has been added to the PM World Library (PMWL) related to Project Management Careers and Jobs. The new resource is titled “**5 Reasons to Choose Project Management as a Career**”, by Mary Beth Erskine and published on the Saint Leo University Blog in 2014.

This resource is about five (5) compelling reasons why project management should be considered as a career choice:

1. The demand for project managers is exploding
2. You can work in a wide variety of industries
3. Project managers command lucrative salaries
4. Opportunities for advancement are plentiful
5. It's a career where you can make an impact

Regardless of your reason for choosing a career, it is evident that project management is a career that is capable of satisfying as much as is required, from the rate of pay, to an individual being impactful.
