Wideman PM Website updates announced for October 2020

1 October 2020 – Ontario, Canada – **Max Wideman** has announced updates to his popular project management website, www.maxwideman.com. According to Max, this month we've posted the following:

Papers: As a part of a **UBC PMP Assignment**, *Rick Mann* asks *Max Wideman* to respond to a series of interview questions about project management. This is a record of Max's answers with his serious opinions.

Guests: In the **Healthcare Industry and Project Management**, *Mary Walton* explains the **Top 5 Things to know**. The challenge is to lower the cost of output while improving the project success rate. According to the Massachusetts Hospital Association, the major advantage of project management is that it helps to be a step ahead of every potential risk while allowing hospitals to run more efficiently and safely.

Musings: *Angela Civitella* explains **How to Be an Empathetic Leader Without Being a Pushover**. *Angela* says that now is not the time to rule with an iron fist. But to still be likeable as a leader, she offers five ways to do so. On the other hand, she also says, don't be a pushover either — there are five ways to avoid being a doormat.

Project management tip of the month

*The pace principle:
If everything seems under control, you're not going fast enough!*

~~~~~

If you are looking for answers, guidelines or templates, check out Max's **Issacons** - "Issues and Considerations" - that are presented in bullet form for quick and easy reference by project managers.

Have you seen Max's book **A Management Framework for Project, Program and Portfolio Integration**? For information or to order a copy, visit [http://www.maxwideman.com/papers/framework\\_book/intro.htm](http://www.maxwideman.com/papers/framework_book/intro.htm).

**Max Wideman** is one of the world's best-known project management authorities. An engineer and professional project manager, his experience includes systems, social and environmental projects, as well as design and engineering projects. He is a Fellow of the Project Management Institute, of which he is past president and

chairman and for which he led the development of the 1987 version of the Project Management Body of Knowledge. He is also a Fellow of the Institution of Civil Engineers (UK), the Engineering Institute of Canada, and the Canadian Society of Civil Engineering. His personal web site at <http://www.maxwideman.com> is a source of superior project management knowledge and information. It is free to the public.
