## Wideman PM Website updates announced for August 2021

1 August 2021 – Ontario, Canada – **Max Wideman** has announced updates to his popular project management website, [www.maxwideman.com](http://www.maxwideman.com). According to Max (pictured), this month we've added the following:

**Papers:** Max reviews *Antonio Nieto Rodriguez's* recent book [Leading Successful Projects](#). This is a "Must Read" for CEOs and their direct reports in organizations responsible for leading successful projects. Antonio has assembled the contents of this book based on his many years of practical project experience on a wide variety of large project endeavors. As such, this book is packed full of sound advice, much of which is also condensed into ten essential principles of project success.

**Musings:** *Lisa M. Shepherd* joins us to explain [How to Write a Motivation Letter to Your Project Team](#). Lisa advocates for six logical steps, each of which are briefly described. She concludes with the sort of reactions that you should expect from your team as a result.

.....  
Project management tip of the month:

The not-so-expert principle  
*Experts have expert opinions  
but unfortunately they don't always all agree.*

~~~~~

If you are looking for answers, guidelines or templates, check out Max's **Issacons** - "Issues and Considerations" - that are presented in bullet form for quick and easy reference by project managers.

Have you seen Max's book **A Management Framework for Project, Program and Portfolio Integration**? For information or to order a copy, visit [http://www.maxwideman.com/papers/framework\\_book/intro.htm](http://www.maxwideman.com/papers/framework_book/intro.htm).

**Max Wideman** is one of the world's best-known project management authorities. An engineer and professional project manager, his experience includes systems, social and environmental projects, as well as design and engineering projects. He is a Fellow of the Project Management Institute, of which he is past president and chairman and for which he led the development of the 1987 version of the Project Management Body of Knowledge. He is also a Fellow of the Institution of Civil Engineers (UK), the Engineering Institute of Canada, and the Canadian Society of Civil Engineering. His

personal web site at <http://www.maxwideman.com> is a source of superior project management knowledge and information. It is free to the public.
