### ***PM World Collection grows to 4040 project management articles, papers & other works by 1,665 authors in more than 50 countries***

11 August 2021– Dallas, London, Sydney – PM World has announced that 33 new articles, papers and other original works about program and project management have been added to the PM World Library (PMWL) this month. These contributions by 40 different authors representing 20 different countries were published in the August 2021 edition of the *PM World Journal* (PMWJ) at <https://peworldjournal.com/>. They can now be found among the most recent papers, articles and book reviews on the PMWL home page at <https://peworldlibrary.net/>.

The new additions bring the total in the PM World Collection to 4,040 original works by 1,665 different authors located around the world. The collection is growing each month by an average of 30-40 new works from many different authors; of the 40 authors this month, 12 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://peworldlibrary.net/author-showcase/>.

According to PMWJ Editor David Pells, “20 different countries were represented among authors this month, the most that we’ve ever had in a single edition. We strive to be a global resource, trying to publish works that can be useful in many different locations, industries and organizations. That requires more diversity, so the range of authors and topics this month really fits that model. Great contents this month! I hope readers agree.”

New authors this month include Ihuoma P. Asiabaka (Nigeria), Irene C. Efekalam (Nigeria), Ermal Hetemi (Sweden), Guy Igbokwe (Nigeria), Val Jonas (UK), Christopher Okorie (Nigeria), Charles N. Ononuju (Nigeria), Daniel Orišek (Switzerland), Jim Suits (USA), Jan Oliver Schwarz (Germany), Luka Semolič (Slovenia) and Henk Venema (The Netherlands). New works from 26 authors already included in the library were also added.

“Three interviews were provided by PMWJ correspondents this month,” Pells adds. “Interviews are very interesting personal stories, often covering first introductions to project management. These are important additions to the journal each month. In a similar vein, please see the personal story by and about Dr. Ken Smith this month, a unique story of a project management life.”
