Excellent leaders have to keep growing and that's a process that experienced professionals know well. After two years of facing the complex times we are living, the current president of the Madrid Chapter, Susana Moreno (pictured), PMP and professional of the world of Architecture in Spain, will not stand for election to renew her position in March.

Although all the members of the PMI Madrid Chapter who have collaborated with her are saddened by her departure, due to the commendable work she has done in times of pandemic, always looking forward and encouraging the team of volunteers to move forward. the pandemic began, and with great success in attendance and quality. We will not forget you, Susana.

Now we hope to have a good relay. Fortunately, there are some candidates who have had the opportunity to work very closely with her and are willing to continue her work. Susana was in charge of promoting in her team of volunteers the passion for the profession and the vocation of service to the partners. Susana has already worked on her work plan with her team and all the volunteers who have followed her are sure that her transition plan will be successful.

Susana, we don't want to say goodbye to you until soon. We will continue to see each other at our events. Congratulations on the fact that you have exceeded the expectations of all the partners, congratulations on your good work! and for having formed a team that can continue with your work.

Throughout the year 2022 the Madrid Chapter will organize its General Assembly on March 22, 2022 and its general elections. The next Congress, still undated, will be held in spring, and we all hope that it can be face-to-face.

In our next monthly report, we will communicate the new Board of Directors, where in addition to the president some more positions will be renewed. Encouragement from here to all my fellow volunteers, we will continue to work together for the continuity and success of our profession.

**TODAY IS A GOOD DAY, and TOMORROW WILL BE BETTER!**
