Oliver F. Lehmann

Webtalk with Dr. David Hillson and Oliver F. Lehmann:

Risk Management in Project Business

Project Business is high-risk business for all parties involved. On top of project risks, there are commercial and legal risks, and the sources of risks are inside the organizations and at the interfaces between them.

Known as the "Risk Doctor", Dr. David Hillson is the world's most renowned expert in risk management in projects and beyond.

He will enrich the audience with new insights that help improve projects and even more project business.
