Free PM World Library Membership for residents of Nigeria

Free access to online global resource related to program and project management for those living and working in Nigeria

15 May 2023 – Dallas, TX, USA and Abuja, Nigeria – PM World has announced that PM professionals and all residents of Nigeria can register for FREE ACCESS to the PM World Library (PMWL) at www.pmworldlibrary.net. The PMWL is a global resource for continuous learning related to program, project and portfolio management.

According to PM World Library Director David Pells (pictured at right), “We offer free library access to those in many low-income countries, including Nigeria. We have had many contributions to and readers of the PMWJ in Nigeria for many years. I thought it a good time to remind all readers in Nigeria that they can have free unlimited access to all resources in the PMWL simply by registering.”

Those working or living in Nigeria can register for FREE BASIC ACCESS to the PMWL at <http://pmworldlibrary.net/who-gets-free-basic-access/>. Follow the instructions for residents of low-income countries. If any problems are encountered, contact editor@pmworld.net.

“Nigeria is one of the largest countries in Africa with one of the fastest growing populations,” Pells adds. “It’s also a democracy, although not without many problems. In any case, it needs to grow faster economically to advance and that will require many more projects of every kind. More projects means more project managers and PM professionals, all needing more PM knowledge and information. Since many Nigerians speak English, maybe the resources in the PMWL will help.”

Others offered free access to the PMWL include students, professors and residents of around 80 countries listed as low-income by the World Bank. (See the list of countries for Free Access at <http://pmworldlibrary.net/free-basic-access/>.) For most there is a small membership fee, about the cost of a cup of coffee in most countries.

The **PM World Library (PMWL)** is a global resource for continuous learning in portfolio, program and project management (P/PM). The PMWL is produced and maintained by PM World which (since 2012) also publishes the **PM World Journal (PMWJ)**, a web-based monthly publication featuring dozens of articles, papers and news stories about projects and project management around the world.
