38 new works added to PM World Library in May

PM World Collection grows to 4656 project management articles, papers & other works by 1,833 authors in 90+ countries

11 May 2023 – Dallas, London, Sydney – PM World has announced that 38 new articles, papers and other original works about program and project management have been added to the PM World Library (PMWL) this month. These contributions by 40 different authors representing 15 different countries were published in the May 2023 edition of the *PM World Journal* (PMWJ) at <https://peworldjournal.com>. They can now be found among the most recent papers and articles on the PMWL home page at <https://peworldlibrary.net>.

The new additions bring the total in the **PM World Collection** to 4,656 original works by 1,833 different authors located around the world. The collection is growing each month by 30-40 new works from many different authors; of the 40 authors this month, 15 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://peworldlibrary.net/author-showcase/>.

According to PMWJ Managing Editor David Pells, “The multiple categories for PMWJ contents is leading to more works published each month. For example, this month’s edition contains two letters-to-the-editor, two case studies and eight book reviews. Four featured papers, advisory articles and commentaries are also included.”

New authors this month include: Richard Celotto (USA), Lauren Dastmalchian (USA), Rudi De Koker (South Africa), Henry Chinedu Halim (Nigeria), Robin Hornby (Canada), Tara Miller (USA), Jaime Moreno (USA), Trevor Mpatsi (South Africa), Johnathan Norman (UK), Dr. AnnMarie Oien (USA), William Owen (USA), Neha Prakash (USA), Franco Stolfi (Italy), Ermioni Takou (USA) and Robert Van De Velde (Canada). New works from 25 authors already included in the library were also added.

“I am excited to introduce a new series this month on the topic of ‘The Road to Responsible Collaboration’ by Robin Hornby, author of the recently published book on this topic” Pells adds. “Tips on more productive collaboration should be highly useful to many readers. Of course, I am very grateful to all of our series authors. They are all recognized experts in the PM field, so I hope our readers pause to read their contributions each month.”

The **PM World Library** is a global resource for continuous learning in program and project management. The PMWL is produced and maintained by PM World, Inc. which also produces the monthly *PM World Journal* (ISSN: 2330-4480), a free monthly digital publication featuring dozens of articles, papers and stories about projects and project management around the world.
