33 new works added to PM World Library

PM World Collection grows to 4,827 project management articles, papers & other works by 1,892 authors in 90+ countries

13 October 2023 – Dallas, London, Sydney – PM World has announced that 33 new articles, papers and other original works about program and project management have been added to the PM World Library (PMWL) this month. These contributions by 35 different authors in 15 different countries were published in the October 2023 edition of the *PM World Journal* (PMWJ) at <https://peworldjournal.com/>. They can now be found among the most recent papers and articles on the PMWL home page at <https://peworldlibrary.net/>.

The new additions bring the total in the **PM World Collection** to 4,827 original works by 1,892 different authors located around the world. The collection is growing each month by 30-40 new works from many different authors; of the 35 authors this month, 12 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://peworldlibrary.net/author-showcase/>.

According to PMWJ Managing Editor David Pells, “The two interviews this month are outstanding; the one by Evelyn Chao represents the youngest interviewer and interviewee that we have ever featured, which is great. The six featured papers continue our string of very robust research-based content this month. And the advisory and commentary articles provide content that should be useful to individual practitioners, one of the primary objectives for the PMWJ.”

New authors this month include: Sakhi Aggrawal (USA), Evelyn Chao (USA), Kein Dittman (USA), Betsey Katiti (USA), Farzad Khan (Canada), Samuel Yonathan Montang (Indonesia), Devang Patel (USA), Mruga Patel (USA), Glenn Cahya Dwi Ramadhan (Indonesia), Yogi Schulz (Canada), Priya Viswanathan (USA) and Muhammad Fadhli Zilikram (Indonesia). New works from 23 authors already included in the library were also added.

“Our series articles compose heart of every edition, representing must-read contents each month by true thought leaders,” Pells adds. “The reports, like the recent news articles, provide a snapshot of PM-related activity around the world. The second editions and book reviews are really icing on the cake, value-added extras with surprisingly good information each month. This is another full and diverse edition!”

The **PM World Library** is a global resource for continuous learning in program and project management. The PMWL is produced and maintained by PM World, Inc. which also produces the monthly *PM World Journal* (ISSN: 2330-4480), a free monthly digital publication featuring dozens of articles, papers and stories about projects and project management around the world.
