Passion, Persistence and Patience – A heritage from past PMI Madrid Chapter Presidents

Even in the current times, where economic scarcity, the weakening of the political situation, the complexity of the environment, social instability, the PMI Madrid Chapter has found a way, based on the enthusiasm of its Board of Directors, its persistence and patience continues to maintain a high level of collaboration among its members. Its board of directors, see in the photograph below, continues to lead the volunteer groups.

Now the team is immersed in the preparation of the November Congress. Soon we will know the agenda of this Congress. Representatives of the Chapter will attend the "EMEA

Leadership Meeting" in Lisbon. They also expect someone from the board of directors to travel and attend the PM Global Summit in Atlanta this year.

The participation of Spanish professionals in international congresses and meetings has been increasing. On the other hand, the PMI Madrid Chapter continues to reach collaboration agreements with the Chapters of Central and South America. The effort made by the president and the Board of Directors of the Chapter to increase face-to-face participation in the monthly meetings and the Congress begins to have positive results. Thanks to all the colleagues from here for their positive involvement. Sustained growth in periodic activities is part of success. We all trust that Passion, Persistence and Patience will never be lacking in any Board of Directors in the future.

TODAY IS A GOOD DAY, and TOMORROW WILL BE BETTER!
