The Evolution of the PMO: The Rise of a Chief Project Officer

New PMO Community's book writing challenge announced

21 December 2023 – Ontario, Canada – A new PMO Community book writing challenge on "The Evolution of the PMO: The Rise of a Chief Project Officer" topic has been announced; the invitation to participate comes from Canada on behalf of a team of sponsors in various countries. Essential information that might help contribute to a topic that one might align with the most is provided below.

But first,

WHEN IS THE DEADLINE?

🚀 The deadline for Entries is 31st January 2024. 🚀

WHY THIS TOPIC MATTERS:

Understanding this evolution is vital for organizations aiming to stay ahead in a rapidly changing landscape, ensuring effective project governance and strategic alignment. Embracing the concept of a Chief Project Officer underscores the recognition of projects as strategic assets, demanding dedicated leadership for successful and innovative project outcomes.

WHAT'S IN STORE FOR YOU:

Contribute a chapter on a specific subject (approx. 1500-1800 words) by January 31st, 2024.

THE BOOK OUTLINE:

Check out the INITIAL DRAFT outline below for inspiration, but feel free to modify, suggest, and share your unique perspective. Topics range from the genesis of PMOs to the role of Chief Project Officers, navigating technological disruptions, and the future of PMOs.

 - *Summary of Key Points*
 - *The Role of PMOs in Shaping the Future of Project Management*
 - *Call to Action: Embracing the Evolution*

CREATIVITY ENCOURAGED:

Be creative and propose topics relevant to the theme, adding your own unique touch to the narrative.

INSPIRED BY PROVEN MODEL:

This Collaboration Challenge draws inspiration from the 21-day book challenge initiated by [Peter Taylor](#) (the Lazy PM) and [Obi Omoregie](#)'s "Mastering Solution Delivery". Just like them, we're excited about the unexpected directions this book will take with your diverse contributions.
