Dr. Deepa Bhide appointed PMWJ Honorary Industry Advisor in India

Popular thought leader at the intersection of project management and healthcare joins honorary advisory team for PM World Journal and Library

31 December 2023 – Dallas, TX, USA and Hyderabad, India – PM World has announced the appointment of **Dr. Deepa Bhide** as an honorary industry advisor for the *PM World Journal* (PMWJ) and PM World Library (PMWL). Dr. Bhide is currently director and clinical expert for Inventurus Knowledge Solutions, Hyderabad, India.

Dr. Deepa Bhide, MBBS, DCH, PMP, is a renowned thought leader in the healthcare project management domain. Deepa has over 20 years of professional experience, where she has blended medical practice and research with IT and project management. Deepa juggles consulting, training, and operations and is proficient in clinical medicine, project management, and healthcare information technology. Starting her career as a medical practitioner, she has worked with various organizations in core clinical and allied healthcare industry domains.

With a physician background as a solid foundation to leverage IT/PM skills and knowledge, Deepa has blended her broad-based experience and learnings to present a unified, holistic, and wholesome view of project management and healthcare, a cross-domain confluence. Through various webinars, events, talks, and writings across platforms, Deepa has also been an evangelist in championing global project management during the COVID-19 pandemic. Most recently, Deepa has been actively working with healthcare setups around artificial intelligence projects in healthcare.

According to PMWJ editor David Pells, “Deepa Bhide has authored more than a dozen articles about healthcare and project management in the PMWJ this last year. I’ve been tremendously impressed by her deep knowledge about both healthcare and PM, and by her passion for patient care and the future potential of PM to improve lives around the world.”

Dr. Bhide stated, “When I contacted David Pells about 14 months ago, I was looking for opportunities to share my experience and ideas for advancing project management in healthcare. I did not realize the global readership and influence of the PM World Journal; now I am happy to have found them. I look forward to a long and productive relationship.”

Pells added, “I am so happy that Dr. Bhide agreed to join our advisory team. Her input and perspective should help us raise the visibility and importance of professional project management in the healthcare field where so many life-changing projects are implemented. This is an area where project management can have a profound and positive impact on society.”

PM World engages with academic, industry and professional leaders in various countries to support the organization’s dual missions of advancing knowledge sharing and continuous learning related to modern program and project management.
