PMI Chapters associated with the PMI Madrid Spain Chapter

The PMI Madrid Chapter is a non-profit association that aims to promote the profession of Project Management and improve best practices in Project Management, as well as to bring together professionals in this discipline to exchange experiences and ideas. To cover this main objective, the PMI Madrid Spain Chapter reached collaboration agreements with other PMI chapters, agreements that it continues to maintain throughout 2024, In fact, this year the Chapter expects to increase the number of agreements The bilateral benefits for the members of the PMI Madrid Chapter as a result of these agreements are:

- Receive the material presented at the events, as well as the local members.
- Access to the job bank (if this benefit exists)
