

Name : Jesús Martínez-Almela
Titel : Certified Projects Director
International trainer, consultant and assessor
Agricultural and Biosystems Engineer
Date of birth : 1961, January 10th
Address : Urb. Madrigal. Calle Bisbal nro. 89-B
E-12540 Villarreal (CS)
Spain
Function : Senior trainer and consultant
Bioagroprojects Biotech Programs & Portfolio Management
INECIR SLU (P3Competence)
Email : jma@bioagroprojects.com;
jesus.martinezalmela@ipma.world

○ ***EDUCATIONAL BACKGROUND:***

- Agricultural and Biosystems Engineer, Agricultural Economics, Polytechnic University of Valencia (UPV), Spain, 1986
- PDG-IESE, University of Navarra, Spain, 1988
- Environmental Engineering Post Degree, Lleida University, Spain, 1997
- Wastewater Treatment Specialization Post degree, Polytechnic University of Catalunya, Barcelona, Spain, 1998
- Stanford School of Engineering, Stanford University- IESE Navarra University STMC Based Technology Program, 1999

- ***PROFESSIONAL BACKGROUND:***
- In 1987 founded SELCO MC Advanced Engineering Services, with headquarters in Castellón (Spain) and offices in Italy, Portugal, Chile and the United States. From 1988 to 2009 holds the position of Chief Executive and President of SELCO MC, and is Vice-President of Engineering and Design at Super Soil System Inc., with headquarters in Clinton, North Carolina, the United States. President and Chief Executive of the companies Ibericos y Wagyu del Maestrazgo and Nuevo Orden Zootecnico, in Spain.
- In 2009 founded Bioagroprojects Biotech Programs & Portfolio Management. Across Bioagroprojects he directs programmes and projects worldwide in various sectors in multicultural and complex environments, for engineering and consultancy services as coaching for the professional competence development in PPP management too, from 2018 co-founded P3Competence a platform addressing remote PM assistance, education and training. Since 2020 senior trainer and consultant for Tiba Groupe Services and business developer and sales manager for Iberia (Spain and Portugal) and LATAM (Spanish and Portuguese countries).
- Developer and owner of 5-five invention patents (1987-2003) for the treatment and valorization of animal wastes in Spain, Italy and the United States.
- Project and Program Manager: 1987-present day: designed, managed and directed over 500 Projects and Programmes in various sectors (environment, agriculture, food products, manufacturing industrial, renewables energies and rural development as well) in USA, Canada, Mexico, Guatemala, Nicaragua, Costa Rica, Colombia, Panama, Dominican Republic, Ecuador, Brazil, Peru, Bolivia, Chile, Paraguay, Uruguay, Argentina, Spain, Portugal, Italy, France, Germany, United Kingdom, Hungary, Romania, Greece, Croatia, Morocco, Algeria, Kenia, Indonesia, Japan, South Korea and China. Some example about most representative projects and programmes are:
 - USA:
 - Environmental Superior Technologies Project Demonstration. North and South Carolina, Virginia, DC, Iowa.1999-2004. With more than 100 stakeholders from > 10 Worldwide Nations, > 42 million \$US budget
 - Mexico:
 - Rural development, Agricultural development, Agricultural Agribusiness with several States and National Farmers Associations and Official Bodies (Inca Rural, CNC, Sagarpa, SEP). 2007-today. > 100 million \$US budget, > 8.000 stakeholders.
 - Panama:
 - Panama Canal Extension Program: Atlantic Site Locks, deputy and consultant to Jose Reyes (2009-2015). Total Program Budget investment 6,4 billion \$US, > 45.000 workers, > 40 Nations Worldwide.

- Mexico, Colombia and Dominican Republic:
 - Generation, transportation and distribution electrical energy through National Bodies and regulators. Strategy Plans, consultancy, training and mentoring (2003-today). > 100 million \$US investment, > 500 stakeholders.
- Brazil, Argentina, Peru and Chile:
 - Programmes and Projects integration in the field of protein production for feed-grade, livestock (especially monogastrics like poultry, pigs and aquaculture). Since 2000 today. Including barns constructions, waste management treatment plants and slaughterhouses and packing. > 1 billion \$US investments, > 1.000 stakeholders.
- Spain, Portugal and Italy:
 - Chemical and Mining Sectors: factories, facilities construction and full installations as EPM and EPMC (1998-2009). > 1 billion Euros investment, > 5.000 stakeholders.
 - Ceramics (floor and wall tiles): facilities construction turnkey projects (1987-2004). > 2 billion Euros investment, > 3.000 stakeholders.
 - Logistics Centres for packing industry: facilities construction EPC and EPCM and PM projects (1990-2008). > 100 million Euros investment, > 1.000 stakeholders.
 - Pharma for feed and food grade and cosmetics industry: laboratories and industrial facilities including trainings and post commissioning services. > 10 million euros investment with more than 200 stakeholders.
 - Olive Oil, winery, almonds derivate production facilities from soil agriculture production, harvesting, processing to packing in the field of Agricultural Cooperatives (Intercoop Group with 468 Cooperatives and > 48.000 workers in Spain, Argentina and Hungary, under Intercoop Foundation Coop (Almassora-Spain), 2008-2012). > 300 million Euro investment.
- European Commission:
 - Rural Evolution Programme (2006-2009). European Program-EACI involving 7 EU Nations, 34 Organizations (privates and publics) looking to create Public-Private Partnerships for Sustainable Energy Generation.
 - RURENER Programme (2010-2014). European Program-EACI involving 9 EU Nations, > 90 Organizations (public and privates, municipalities, regional governments, Universities and research centres, > 1.000 participants >

100 million euros budget. After commissioning RURENER constitutes the largest European Association in the Field of SMART Villages in Europe looking for the sustainability in the rural villages with < 3.000 inhabitants.

- China:
 - Feed grade Programme for rice and fish flour. Spanish-Chinese cooperation programme for feed grade production for gastric bow livestock (pig, trout, salmon). 2000-2007. > 1 million Euro, > 300 stakeholders.
- Japan:
 - Hitachi Plant and Construction, Mitsui, Super Soils System USA: projects research and projects demonstration in Japan and USA for N-d-N bacteria immobilization in PEG for nitrogen removal and disposal for agricultural and irrigation application. 1997-2005. > 100 participants, > 10 million dollars investment.
- South Korea:
 - Incheon Bridge PMO and delta training programme, PEA Project Excellence Award 2015, KNR and Korail E&T programmes developing individual and organization competences in project, programme and portfolio management (2016-2019). GNDIC International Advisor (since 2019).
- Project Director for 6 R+D projects in collaboration with various universities and research centres throughout Spain, Europe, Japan and the United States. Projects focus on the optimisation of stage separation, the development of new NDN systems, anaerobic digestion, and gasification of animal wastes. 2005-2008: coordinates the SELCO MC LabGem Molecular Biology Laboratory in the Veterinary Medicine Faculty at the University of Murcia, which is dedicated to the development of new genetic markers in livestock breeding and other applied bioengineering projects.
- **PROFESSIONAL CERTIFICATIONS AND ACCREDITATIONS**
- From 1999 certified in all the levels of the IPMA 4LC universal model of competences against the versions ICB1(level D), ICB2(levels C and B) and ICB3 (level A, recertified level A since 2007), in 2007 he was the first certificate in level A in Spain. In 2012 also holds is Certificate as IPMA Delta Assessor. From 1993 Auditor of Quality Managements System, Labs testing and calibration and Defence Industry for AENOR-Spanish Association for Normalization and Standardisation.

- ICA-International Assessor for ICB-CCT certifications (co-autor in Spanish of CCT-Consultants, Coach and Trainers in Project Management Guideline ISBN: 978-607-99850-0-4;
- IPMA REG trainer under REG-ES-T-017
 - **SCIENTIFIC CONTRIBUTIONS:**
 - 1993-present day: author of more than 300 technical and scientific documents and co-author of 8 books, systems and models of cattle waste management, animal by-products treatment and valorization, and new processes for sustainable farming production and Projects and Programmes Management.
 - ORCID ID:0000-0001-6717-9082
 - ResearchGate: jma@bioagroprojects.com
 - **LECTURING AND TRAINING EXPERIENCE:**
 - Has lectured honours courses in the following universities (since 1993): Polytechnic Universities of Valencia, Madrid, Zaragoza, Basque Country-Bilbao, Extremadura-Badajoz, Jaén, Santiago de Compostela, Valladolid, Sevilla, Barcelona, Oviedo, Castellon, Burgos and UNIR-Universidad Internacional de la Rioja (all in Spain). Scientific Collaborator and Visiting Lecturer at the Department of Animal Production, University of Murcia Faculty for Veterinary Medicine (Spain), and lectured visitor in the main Latin America Universities as ITESM-Tech Monterrey, UAAAN-Francisco Narro-Cohauila (Mexico), Francisco Marroquin (Guatemala), Tecnológico San José (Costa Rica), Latina, Tecnológica and Nacional Universities (Panama), Distrital de Bogota (Colombia), INTEC (República Dominicana) Universidad de Piura (Peru) and Católica de Santiago (Chile).Chairman of the IPMA-ASPM International Expert Seminar (2012 and 2016) in ETH-Zürich. Professor in PhD Project Management Programme Alma Mater Europea University (Austria, Slovenia and Croatia since 2017), Politecnico de Milano-Italy and Seoul National University (Rep. of Korea). Professional Trainer in Companies in the field of Project, Programmes and Portfolio Management in the Americas, Europe, Africa and Asia in different sectors like Agribusiness, Energy, Retail, Communication, Transportation, Chemicals, Infrastructures.
 - **INSTITUTIONAL REPRESENTATION BACKGROUND**
 - Currently chairman of AEIPRO OCDP (*Organismo Certificador de la Dirección de Proyectos de la Asociación Española de Ingeniería de Proyectos – Spanish IPMA CB’ Certifying Body for the Spanish Association for Project Management Engineering*). Board Member First Vice-President of the Spanish Association for Project Engineering (AEIPRO). Certification Assessor for D, C, B and A levels in Spain and Worldwide. During her Presidency of the OCDP, Jesus obtained the Accreditation of the OCDP against the

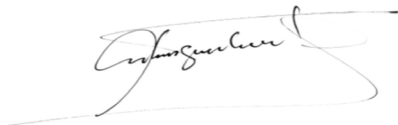

ISO17024 and international procedures of the IAF (2009). International Cert Assessor for Mexico, Panama and Peru.

- Former IPMA Member on EU Task Force in the European Commission Brussels (2008-2012), and IPMA LACC Programme Director (2007-2017), member of ICCPM-International Centre for Complex Project Management (groups of interest 2009-2012) IPMA E&T Board member (2010-2012) and IPMA-CVMB Validator (2008-2012). Under the LACC Programme to the date has obtained the establishment of 13 IPMA MA's and his CB's in Latin America countries (Mexico, Peru, Brazil, Guatemala, Costa Rica, Panama, Ecuador, Colombia, Dominican Republic, Argentina, Paraguay, Uruguay, Bolivia and Chile) and actually promoting other +4 IPMA MA's projects in Nicaragua, Honduras, El Salvador and Cuba. As well in Africa with IPMA Associations of Morocco, Algeria, Tunisia, South Africa, Cameroun and Kenya. As well +6 in Asia: Japan, Rep. of Korea, Philippines, Malaysia, Indonesia, Singapore and promoting these ones from Vietnam, Thailand, Myanmar and Cambodia.
- IPMA Vice President for Education, Training, Membership & Young Crew during 2013-2014 and reelected for the same VP's for a new period 2015-2017. He is also IPMA LATNET Sponsor (IPMA Network of Latin National Associations based in Panama, City of Knowledge).
- IPMA Worldwide President (2018-2020).
- IPMA Chairman of de Council of Delegates (2021-2023)

○ **INTERNATIONAL AWARDS AND RECOGNITIONS**

- He has been rewarded since the year 1999 with international prizes in his areas of professional specialities in different countries worldwide as follows:
 - USA 2000: Environmental Superior Technologies Project Demonstration Award. Agreement with General Attorney of North Carolina State, Premium Standard Farms, Smithfield Foods, EPA, USDA-ARS and NCSU-AWMC. Raleigh, North Carolina, USA.
 - Spain-International 2000: 1st Award of International Congress of Projects Engineering (AEIPRO-IPMA, Lleida University, School of Agricultural Engineering).

- Spain-International 2002: Special Award and Mention for Contributions in the field of innovation for Project Management and Project Engineering in the field of Animal Agriculture (AEIPRO-IPMA, Navarra University-UPN, School of Industrial Engineering).
- Spain National 2004: 1st Award on CONERR, National Congress of Sustainable Energy Production for Biogas production and cogeneration from Animal waste with Anaerobic Reactor (STIR). Alicante, Spain.
- Spain-International 2005: 1st Award for the contributions in research about the education about the role of project and project management in complex environments. AEIPRO-IPMA-Extremadura University, Badajoz.
- Honorary fellow from IPMA Members Associations of Mexico, Panama, Costa Rica, Colombia, Ecuador, Peru, Bolivia, Argentina, Uruguay and Serbia (since 2009)
- IPMA Honorary Fellow (since 2023)

Jesús Martínez-Almela

January 2024

• **ANNEXES:**

- IPMA REG registration training
- IPMA Certificate level A
- IPMA Honorary Fellow® badge
- IPMA CCT-consultants, coach and trainers baseline (Spanish) Ed.Committee
- IPMA recognition letter of service as volunteer
- IPMA Honorary Fellow® plaque and medal

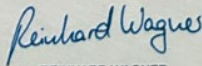

Recognition of Service as Volunteer

RSV_2020/5

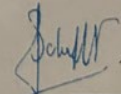

Jesus Martinez-Almela joined IPMA in 2006 as Delegate of AIEPRO, the Spanish member of IPMA.
From 2009 to 2012, he was member of IPMA EU Task Force.
From 2009-2014 he was LACC Programme director and LATNET sponsor from 2014 to the day through which 14 MAs were established and became members of IPMA (Mexico, Guatemala, Costa Rica, Panama, Dominican Republic, Colombia, Ecuador, Peru, Bolivia, Chile, Argentina, Uruguay, Paraguay, Brazil).
Since 2010 he is IPMA CVMB Validator and since 2010 IPMA FFA and international certification.
From 2010 to 2012, he was IPMA Education & Training board member 2010-2012.
From 2012 to 2017, he was IPMA VP for Education and Training, VP Young Crew and membership for two mandates.
From 2017 to 2020, he was President of IPMA and VP membership.
In 2020 he was elected Chairman of IPMA Council of delegates.

In recognition and appreciation of his commitment as a volunteer
IPMA proudly awards this certificate to Jesus Martinez-Almela.

REINHARD WAGNER
CHAIRMAN OF THE COUNCIL OF DELEGATES

26 September 2020

JOOP SCHEFFERLIE
