PMI Chapter Xchange

What is that?

PMI Chapter Xchange is an outreach initiative of PMI chapters. A virtual collaboration platform for chapter leaders and members to connect, collaborate, and co-create. One more way to share knowledge between PMI chapters around the world, a way to promote the initiative of each Project Manager, their learning, their experiences, and their positive attitude. Each Project Manager is like a tiny ant that can contribute to disseminating the need for Project Management.

Who belongs to?

The initiative started from PMI Mumbai in 2020 with the idea of providing a collaborative space for PMI chapters. So far, 24 chapters from the five continents belong to this initiative, and we continue to grow. Share this information in your chapter or professional project management association and contribute to this disclosure.

Remember that you are an EXCELLENT Project Manager, which does not mean you never make mistakes, but you are a professional who is always willing to learn and improve. The simple fact of not having to reinvent the wheel already contributes to the success and dissemination of our profession worldwide. Society needs you. May you be blessed, and thank you for your grain of sand.
