41 new works added to PM World Library in August

PM World Collection grows to 5,161 project management articles, papers & other works by 1,995 authors in 90+ countries

14 August 2024 – Dallas, London, Sydney – PM World has announced that 41 new articles, papers and other original works about program and project management have been added to the PM World Library (PMWL) this month. These contributions by 55 authors in 17 different countries were published in the August 2024 edition of the *PM World Journal* (PMWJ) at <https://peworldjournal.com/>. They can now be found among the most recent papers and articles on the PMWL home page at <https://peworldlibrary.net/>.

The new additions bring the total in the [PM World Collection](https://peworldlibrary.net/) to 5,161 original works by 1,995 different authors located around the world. The collection is growing each month by 30-40 new works from many different authors; of the 55 authors this month, 7 were new to the journal and library. Profiles of all authors in the library, along with access to their works, can be found at <http://peworldlibrary.net/author-showcase/>.

According to PMWJ Managing Editor David Pells, “We had many former authors contribute to this special 12th anniversary edition, with multiple new works in most categories. The larger anniversary was the Journal’s 144th monthly edition, representing thousands of works by nearly 2,000 different authors. I want to thank the many authors this month, and all those who have contributed so many good works over the years. It is those authors who have made this publication gather steam and last so long. What a ride it’s been!”

New authors this month include: Luis Arguelles (USA), Johnnie Bush (USA), Naga Mallika Gunturu (USA), Jennifer Ijeoma Nedolisa (Nigeria), Soheil Sadeghi (Iran/USA), Bernard Smith Jr. (USA) and Dr. Blessing Takawira (South Africa). New works by 48 authors already included in the library were also added.

“Once again this edition includes two outstanding interviews and ten solid featured papers” Pells adds. “With seven series articles and four reports, our highly respected regular authors also stepped up with significant new works. Five advisories, three commentaries, three second editions and five book reviews were icing on the cake. All of our authors are experienced professionals committed to sharing knowledge with readers around the world. It’s a powerful commitment we are honored to support.”

The **PM World Library** is a global resource for continuous learning in program and project management. The PMWL is produced and maintained by PM World, Inc. which also produces the monthly *PM World Journal* (ISSN: 2330-4880), a free monthly digital publication featuring dozens of articles, papers and stories about projects and project management around the world.
