Australian Institute of Project Management Unveils Strategic Plan 2025-2030

The Australian Institute of Project Management (AIPM) is proud to announce the launch of our Strategic Plan for 2025-2030, setting a new direction to solidify its position as the leading association and advocate for project management professionals across Australia.

This forward-thinking plan is designed to navigate the dynamic and evolving landscape of the project management industry, with a focus on fostering excellence and innovation.

The AIPM's Strategic Plan 2025-2030 is anchored by the newly articulated Vision, Mission, and Values, which together form the foundation for its future initiatives.

The Strategic Plan is underpinned by four core values that will guide the AIPM's actions and decisions over the next five years:

- 1. Agility:** In an ever-changing environment, the AIPM is committed to embracing flexibility, new ideas, and the latest technology to stay ahead of industry trends and challenges.
- 2. Impact:** The AIPM aims to make a significant positive difference in the project management community and the broader industry, contributing to meaningful outcomes that resonate nationwide.
- 3. Purpose:** Operating with a clear focus on strategic goals, the AIPM is dedicated to achieving meaningful progress that aligns with the needs of its members and the wider community.
- 4. Member Leadership:** The AIPM prioritises the needs and contributions of its diverse membership base, ensuring that its initiatives and programs reflect the voices and aspirations of the project management community.

With the launch of the Strategic Plan the AIPM is setting the stage for a future where project management professionals in Australia are recognised as leaders in their field.

The AIPM's commitment to agility, impact, purpose, and member leadership will ensure that it continues to meet the evolving needs of the project community, fostering a culture of excellence and innovation.

As the AIPM embarks on this exciting new chapter, we invite all members, stakeholders, and partners to join us in our mission to advance the project management profession in Australia and beyond. Together, we can achieve great things and continue to elevate the standard of project management.
