Reviewer: **Ye Larsson**

Review Date: July 2025

Introduction

This is a book that explores the role of a project manager by drawing parallels to a mother's responsibilities, as seen through her interactions with her son.

Overview of Book's Structure

The book explained the role of a project manager in a way children could understand, by relating it to how their moms manage the household and engage in everyday activities.

Told from the perspective of a toddler, the book highlights his everyday interactions with his mom — each moment subtly reflecting principles of project management.

Highlights

Cleverly written and beautifully illustrated, the book draws thoughtful parallels between motherhood and project management. It manages to capture the essence of being a project manager in clear, simple language.

Highlights: What I liked!

It's truly impressive how the author makes such an abstract profession accessible and entertaining for toddlers. Using clean, simple language, the book captures the daily

¹ How to cite this work: Larsson, Y. (2025). Mommy is a Project Manager, book review, *PM World Journal*, Vol. XIV, Issue VIII, August.

life of a project manager in a way that resonates not only with children but also with adult readers who recognize the depth and accuracy behind the simplicity.

The illustrations are filled with clever details—just take the page with the abacus, with a hint of the culture heritage of the author.

Who might benefit from the Book

This book is a great resource for anyone looking to explain the role of a project manager to children. Its colorful illustrations and multilingual text not only make the content engaging but also introduce young readers to different languages in a fun and educational way.

Conclusion

A children's book that breaks the mold—innovative, fun, and educational. It sparks curiosity and inspires the next generation to see themselves as future project managers from an early age.
