## **Ishitha Doniparthi joins PMWL research team in Mumbai**

### **Graduate student at SDA Bocconi Asia joins PM World Library internship program**

26 February 2026 – Dallas, TX, USA and Mumbai, India – PM World has announced the appointment of **Ms. Ishitha Doniparthi** as a project management research intern for the PM World Library. Ms. Doniparthi is currently pursuing an International Master in Business (IMB) at SDA Bocconi Asia Center (Mumbai/Milan), with an academic focus on project management, corporate strategy, and risk governance.

Ishitha earned her Bachelor of Technology (B.Tech) degree in Electronics & Telematics Engineering from G. Narayanamma Institute of Technology and Science (GNITS), Hyderabad, graduating with academic distinction, along with a Minor Degree in Artificial Intelligence and Machine Learning. Her academic background combines technical depth, analytical modelling, and structured management training, enabling her to approach project governance and strategic execution with a data-driven perspective.

Ishitha currently serves as a Strategy & Operations Analyst in the Founder's Office at IronTrex, a cybersecurity-focused startup building protective infrastructure against digital threats. In this role, she contributes to strategic planning, operational structuring, cross-functional coordination, and execution tracking across key initiatives. Previously, as a Software Engineer in the Workday practice at Mivada Technologies, she led a three-member cross-functional team to deliver an internal project by defining milestones, aligning stakeholder expectations, managing scope discovery, and ensuring timely execution. Her work involved structured requirement documentation, stakeholder communication, and delivery oversight, reflecting practical exposure to SDLC processes, risk identification, and performance governance.

In addition to industry experience, Ishitha has contributed to academic research and scholarly publication. She presented and published the research paper "*Seeding the Future: A Comprehensive Solution for Agriculture*" at the 5th International Conference on Data Science, Machine Learning, and Applications (ICDMLA), published by Springer (2023). She also served as a Research Assistant on a Hydrogen & Fuel Cells study, where she structured phased research workflows, developed comparative evaluation frameworks, and supported manuscript preparation leading to formal publication.

To learn more about Ishitha Doniparthi and to follow her research, visit her intern profile page at <https://peworldlibrary.net/ishitha-doniparthi/>

PM World offers virtual project management research internships to university students worldwide who are studying project management at recognized universities. Internships offer students an opportunity to research specific topics, network with others, gain significant visibility and contribute to PM World's dual missions of knowledge sharing and continuous learning. On completion, they receive a certificate, letter of reference and five years of free PMWL membership. To see participating interns, go to <http://pmworldlibrary.net/university-interns/>

To learn more about PM World student internship opportunities, go to <http://pmworldlibrary.net/students/> and scroll down to "internships" or contact [help@pmworldlibrary.net](mailto:help@pmworldlibrary.net)

The PM World Library (PMWL) is a global resource for continuous learning in portfolio, program and project management (P/PM). The PMWL is produced and maintained by PM World, which also publishes the monthly *PM World Journal (PMWJ)*, a web-based publication featuring dozens of articles, papers and stories about projects and project management around the world. To learn more, visit [www.peworldlibrary.net](http://www.peworldlibrary.net) and [www.peworldjournal.com](http://www.peworldjournal.com).
